

Mayo Clinic days in Klaipeda 2019

Klaipėda Drama Theatre, Teatro 2, Klaipeda
2019 05 10 10.00 – 18.30

10.00 – 10.15 Opening. Prof. Vinsas Janusonis (Klaipeda university hospital, director) and prof. Narimantas Evaldas Samalavicius (President of the Lithuanian Society of Coloproctologists).

10.15 – 12.45 Mayo Clinic session. Moderators: Narimantas Evaldas Samalavicius, Audrius Dulskas.

10.15 – 10.30 Bruce Wolff (Mayo Clinic, Rochester, Minnesota, USA). Brief history of colorectal surgery at the Mayo Clinic.

10.30 – 10.45 Amit Merchea (Mayo Clinic, Rochester, Minnesota, USA). Complicated diverticulitis including emergent presentation

10.45 – 11.00 Heidi Chua (Mayo Clinic, Rochester, Minnesota, USA) Complex fistula in-ano (RV fistula and others).

11.00 – 11.15 Heidi Chua (Mayo Clinic, Rochester, Minnesota, USA) Fecal incontinence

11.15 – 11.30 Amit Merchea (Mayo Clinic, Rochester, Minnesota, USA). Ulcerative colitis: general medical and surgical treatment

11.30 – 11.45 David Larson (Mayo Clinic, Rochester, Minnesota, USA). Pushing the limits of robotics

11.45 – 12.00 David Larson (Mayo Clinic, Rochester, Minnesota, USA). Changing patterns in colon cancer: CME and neoadjuvant treatment

12.00 – 12.15 Nitin Mishra (Mayo Clinic, Rochester, Minnesota, USA). Recurrent cancer: rectal and colon

12.15 – 12.30 Bruce Wolff (Mayo Clinic, Rochester, Minnesota, USA). The piles of defeat: Napoleon's haemorrhoids

12.30 – 13.30 Lunch break

13.30 – 15.30 International Society of University Colon and Rectal Surgeons session. Moderators: Philippe Rouanet, Pascal Gervaz.

13.30 – 13.45 Narimantas Evaldas Samalavicius (Klaipeda, Lithuania). Colorectal surgery using Senhance Transenterix robotic system.

13.45 – 14.00 Pascal Gervaz (Geneva, Switzerland). Robotic surgery: the dark side of the force.

14.00 – 14.15 Audrius Dulskas (Vilnius, Lithuania). Local excision+-chemoradiotherapy for early rectal cancer - is it the end of the beginning?

14.15 – 14.30 Joseph Nunoo-Mensah (London, UK). Obstructive colorectal cancer: is stent the best option or just an option?

14.30 – 14.45 Phil Caushaj (Hartford, USA). The management of parastomal hernia in 2019.

14.45 – 15.00 Anton Kroensen (Köln, Germany). Technical update of surgery for inflammatory bowel disease.

15.00 – 15.15 Kestutis Petrulis (Vilnius, Lithuania). Colonoscopic perforations.

15.15 – 15.30 Heinz Buhr (Berlin, Germany). The improvement program of German Society of General and Visceral Surgery in colorectal surgery

15.30-16.00 Coffee break

16.00 – 18.30 French rectal cancer session. Moderators: Phil Caushaj, Joseph Nunoo-Mensah.

16.00 – 16.15 Antoine Brouquet (Paris, France). Treatment approaches to locally advanced rectal cancer without pelvic irradiation.

16.15 – 16.30 Antoine Brouquet (Paris, France). Recent advances in the management of perianastomotic leakage after rectal cancer surgery

16.30 – 16.45 Eddy Cotte (Lyon, France). Rectal cancer with metastatic disease: Which therapeutic strategy?

16.45 – 17.00 Eddy Cotte (Lyon, France). Enhanced recovery in colorectal surgery: where are we in 2019?

17.00 – 17.15 Jeremie Lefevre (Paris, France). How long we must wait to operate after the neoadjuvant treatment?

17.15 – 17.30 Jeremie Lefevre (Paris, France). Post-operative fistula: how to manage?

17.30 – 17.45 Philippe Rouanet (Montpellier, France). Level of proof of robotic surgery for rectal cancer.

17.45 – 18.00 Philippe Rouanet (Montpellier, France). Tailored management of rectal cancer: a new paradigm.

18.00 – 18.15 Jean Jacques Tuech (Rouen, France). Is prophylactic erectile rehabilitation useful during the treatment of rectal cancer?

18.15 – 18.30 Jean Jacques Tuech (Rouen, France). Transanal colonic pull-through and delayed coloanal anastomosis (DCAA) in a difficult or failed anastomosis.
18.30 Closing remarks

.
